

BASIC RULES

- No lone rangers. Always be with another person in the group. Every year I get asked why I have this rule. It's simple, if you went off alone and something happened, no one would know anything about it. Plain and simple, it's unsafe, so no lone rangers (have a Tonto).
- High school students may hang out during free time without an adult. Junior High students need to be with either high schoolers or with an adult.
- Stay in touch with your chaperone/mentor. Get their cell number. Mine is 937-344-4267.
- Be with the rest of the group in line to enter the convention center.
- Be at the nightly devotionals.
- During the sessions, refrain from using your cell phone unless you're using a Bible app.

RULES IN THE VANS

- Wear seat belts.
- No throwing. This can distract the driver and create a hazardous situation.
- No lap-laying or inappropriate behavior.
- Bring snacks and beverages, just clean up after yourself at rest stops.

RULES FOR THE HOTEL

- No guys in girls' rooms, no girls in guys' rooms.
- Adults are given room keys. It is their discretion to give you one.
- Obey hotel rules pertaining to the room and the swimming area.
- Do not steal or "borrow" from each other without permission.
